Executive Director

Andrew Nachman
CEO, Xenicus

The California Sleep Society will be holding its 11th Annual Educational Symposium on September 28-29, 2018, at the Courtyard by Marriott Liberty Station in San Diego, California. A variety of lectures on sleep and sleep technology will be offered to professional sleep technologists, sleep physicians, sleep dentists and sleep clinic managers in the western region. We are still pulling together our typically star-studded list of speakers and topics, and will send out an agenda and speaker list once it is available. Continuing Education Credits (BRPT CECs and Physician CMEs) will be awarded to those who attend this meeting.

Our Society's educational meetings have had strong support over the past few years and have received highly positive feedback from attendees and exhibitors. We would love for you to be a part of our meeting. We anticipate approximately 350 attendees and have space for 30 exhibitors. Because of sponsorship and generous support from companies like yours, costs are kept affordable for attendees, many of who pay for the meeting out of their own pocket.

Our exhibit hall will be located in the Liberty Foyer directly across from our meeting room. During breaks, refreshments will be served in the exhibit hall allowing for booths to be well integrated into the experience of the attendees. The agenda will have ample time to ensure that vendors will be able to make good business contacts. While the agenda is still being developed, we expect the meeting to run from about 8:00AM on Friday September 28 to mid-afternoon on Saturday September 29. We look forward to your support and participation!

We also have several sponsorship opportunities for vendors who have the ability and interest to provide more substantial support to the sleep society. Premium sponsors will be entitled to additional exposure through our Meeting App and will be acknowledged as sponsoring various elements of the program. We are currently looking for sponsors for our Friday evening Community Gala Event, for our meals and breaks on Friday & Saturday, for our Meeting Application and for various other elements of the event.

We are committed to providing as much value as possible to our exhibitors and sponsors for this meeting. We appreciate your support of the California Sleep Society and our mission! If you have any questions regarding exhibiting or sponsoring this event, please feel free to contact our Project Coordinator, Leigh Gallagher any time at leigh@xenicus.com.

Sincerely,

Andrew Nachman
Executive Director

California Sleep Society
